STUDENTS WITH DMV ISSUED DISABLED PARKING PLA CARDS MAY GO DIRECTLY TO PARKING SERVICES.
See Section B for details.

Section A (Disability based parking accommodation verified by a physician/clinician) is to be completed by your physician/clinician). The above student is requesting parking at UCLA based on a disability or medical condition. Please respond to the following questions with your professional opinion. Certification of need for disability parking by meeting one or more of the following criteria: (please check):

☐ Cannot walk 200 feet or more without stopping to rest:
☐ Cannot walk without the use of, or assistance from, another person or brace, cane, crutch, prosthetic device, wheel chair or other assistive device.
☐ Is restricted by lung disease to the extent that forced expiratory volume for 1 second when measured by spirometry is less than one liter or the arterial oxygen tension is less than 60 mm/hg on room air test:
☐ Uses portable oxygen;
☐ Has a cardiac condition to the extent that functional limitations are classified in severity as class III or IV, according to standards accepted by the American Heart Association;
☐ Is severely limited in the ability to walk due to arthritic, neurological or orthopedic condition;
☐ Cannot use stairs.

Has an equal degree of disability to those described above (please describe the diagnosis and the functional limitations of disability in relation to a campus parking accommodation below or attach additional documentation). __________________________________________________________________________
________________________________________________________________________________________
________________________________________________________________________________________

☐ Due to regular and frequent off campus medical/health needs, need a resident parking permit to travel to required services. Destination: __________________  City: ________________  Zip Code: _____________ and frequency: ___weekly and/or ___monthly appointments.

☐ Condition is temporary, re-evaluation date: ______________  ☐ Condition is permanent.
☐ Or expected end date: ______________

Signature of Certifying Physician/Clinician: ____________________________  Date: __________________
Name (please Print): __________________________________________  License #: ___________________
Address: ________________________________________________  Phone # _______________________

July 2018
Section B - Students that currently have a valid disabled parking placard or disabled parking license plates may go directly to parking services to purchase your parking permit. Please be prepared to show the DMV placard receipt that identifies you as the person the placard is assigned to. Bring the actual DMV placard is not sufficient.

Center for Accessible Education – Parking Accommodations Process

Students with a disability-based need for parking can apply through the Center for Accessible Education (CAE) for a Pre-Approved Parking Application. Please note the process of applying for a permit through the CAE is not the same as applying through Parking Services, as the CAE does not have a deadline to apply for disability parking. Students with a DMV Parking Placard Receipt or License Plates (issued by any state) are expected to apply and are guaranteed a parking permit for the period that the plate or placard is valid. Otherwise, parking accommodations are based on verified functional limitations, distances traveled, frequency of services accessed and allocation/availability of parking accommodations.

All vehicles -- including those of students, staff, or visitors -- parked on campus must have a UCLA permit displayed at all times. This includes vehicles displaying valid handicapped plates or placards. For more information on daily parking rates, please visit Transportation Services homepage. To purchase a daily permit, visit any of the Parking Information Booths on campus.

Process
Students with a disability-based need for parking may obtain a pre-approved parking application beginning one month prior to the start of a new quarter in two ways:

1) If you do not have a DMV-issued disability placard and you are requesting parking via the CAE, the Housing and Parking Accommodations Board will determine if your application meets the eligibility requirements. You should complete Section A of this form – Physician/clinician verification of disability.

2) If the student has a DMV issued disability placard complete and submit Section B of this form along with a copy of your placard receipt or other form of disability placard verification.

Current Permit Costs
Parking fees vary depending on the type of permit and the applicant’s home address.

- Monthly - $83 or $104 (as of July 2018)
- Quarterly - $249 or $312

Please note: Residence hall students or students who live in the 90024 zip code must buy quarterly permits. For more information about parking fees, please visit the Transportation Homepage.

Please email (caeparking@saonet.ucla.edu), fax (310) 825.9656 or deliver this form to the UCLA Center for Accessible Education, A255 Murphy Hall, Los Angeles CA 90024-1426. Attn: CAE Parking Accommodations Coordinator.
